UNITS	KEY TOPICS	FAYOL PRINCIPLES	EXAM QUESTIONS

Syllabus Units Overview

UNIT I

🔥 Very Important

Principles of Management

Definition, nature, functions, levels & skills of managers, Mintzberg roles, evolution of management thought, and Fayol's 14 Principles.

Fayol's 14 Principles • Managerial Roles (Mintzberg) • Katz Management Skills

□ Not Started

UNIT II

🔥 Very Important

Planning, Organizing & Controlling

Planning process, MBO, Decision-making process, Organization Structures (Functional, Matrix, Virtual, Boundaryless), and Controlling process.

MBO • Decision Making • Matrix & Virtual Structure • Control Process

□ Not Started

UNIT III

⭐ Important

OB & Individual Behaviour

Fundamentals of OB, contributing disciplines, challenges, evolution in India, and Individual Ability (Intellectual & Physical).

OB Principles • Contributing Disciplines • Intellectual Abilities

□ Not Started

UNIT IV

🔥 Very Important

Personality & Attitude

Personality determinants, Big Five model (OCEAN), MBTI framework, attitude components (ABC model), and behavior relationship.

Big Five Model • MBTI • ABC Model of Attitude

□ Not Started

UNIT V

🔥 Very Important

Motivation & Leadership

Maslow's Needs Theory, Herzberg's Two-Factor Theory, Theory X & Y, Leadership styles, Trait theory, and Blake & Mouton's Managerial Grid.

Maslow Pyramid • Two-Factor Theory • Managerial Grid (9,9)

□ Not Started

Unit I: Principles of Management 🔥 Very Important

📌 **DEFINITION — MANAGEMENT**

Management is the process of planning, organizing, leading/directing, and controlling organizational resources (human, financial, physical, informational) efficiently and effectively to achieve specified organizational goals.

Key Concepts of Management:

- **Efficiency (Doing things right):** Achieving maximum output with minimum resource input (cost & time optimization).
- **Effectiveness (Doing the right things):** Completing activities so that organizational goals are attained.
- **Nature of Management:** Management is both a *Science* (systematized body of knowledge) and an *Art* (personalized application of skill), as well as an emerging *Profession*.

Functions of Management (POSDCORB):

Levels & Types of Managers

Level	Key Roles & Responsibilities	Katz Managerial Skill Mix Required
Top Management (CEO, Board)	Set overall long-term organizational goals, strategic planning, external environment analysis.	High Conceptual Skills, Medium Human, Low Technical.
Middle Management (Dept Heads, Regional Mgrs)	Translate strategic plans into tactical departmental goals, allocate resources, coordinate teams.	Medium Conceptual, High Human, Medium Technical.
First-Line / Operational (Supervisors)	Direct daily operational execution, supervise front-line workers, ensure quality & safety.	Low Conceptual, High Human, High Technical.

Mintzberg's 10 Managerial Roles ☆ Important

Category	Role	Key Activity
Interpersonal Roles	1. Figurehead	Symbolic head; performing social/legal duties (signing contracts, ribbon cutting).
	2. Leader	Motivating, training, and directing staff.
	3. Liaison	Maintaining network of contacts outside vertical chain of command.
Informational Roles	4. Monitor	Seeking and receiving internal/external operational data.
	5. Disseminator	Transmitting information from outside to internal organizational members.
	6. Spokesperson	Transmitting information about firm to external public/media.
Decisional Roles	7. Entrepreneur	Initiating innovation, improvement projects, and risk-taking.
	8. Disturbance Handler	Resolving unexpected crises, conflicts, and operational bottlenecks.
	9. Resource Allocator	Allocating financial, human, and material resources to departments.
	10. Negotiator	Representing organization in major business negotiations.

Evolution of Management Thought

- **Classical School (1890 - 1930):**
  • *Scientific Management (F.W. Taylor):* Time & motion studies, piece-rate incentive system, standard working conditions.
  • *Administrative Theory (Henri Fayol):* 14 universal principles of operational management.
  • *Bureaucratic Management (Max Weber):* Hierarchy, formal rules, impersonality, division of labor.
- **Neo-Classical School (1930 - 1950):**
  • *Human Relations Movement (Elton Mayo - Hawthorne Studies):* Revealed that social and psychological factors in the workplace drive productivity more than physical conditions or financial incentives alone.
- **Modern Management School (1950 - Present):**
  • *Systems Approach:* Views organization as an open system of interrelated parts.
  • *Contingency Approach:* Management techniques depend on situational variables ("No single best way").

Henri Fayol's 14 Principles of Management 🔥 Guaranteed 10-Mark Q

01
Division of Work
Specialization builds expertise, increases output, and reduces effort.

02
Authority & Responsibility
Authority is the right to give orders; responsibility is accountability for outcomes.

03
Discipline
Obedience, respect for authority, and observance of rules.

04
Unity of Command
Each employee should receive orders from **only one superior**.

05
Unity of Direction
One head and one plan for a group of activities having the same objective.

06
Subordination of Individual Interest
Organizational goals override personal individual interests.

07
Remuneration
Fair compensation to both employees and the firm.

08
Centralization / Decentralization
Finding the optimal balance of decision-making authority.

09
Scalar Chain

Formal line of authority from top to bottom (includes *Gang Plank* emergency shortcut).

10
Order

A place for everything and everything in its place (Social & Material order).

11
Equity

Kindness, justice, and fair treatment toward all employees.

12
Stability of Tenure

Low employee turnover; staff need time to learn their jobs.

13
Initiative

Encouraging staff to propose and carry out plans creates zeal.

14
Esprit de Corps

Promoting team spirit, harmony, and unity among personnel.

📝 **10-MARK EXAM ANSWER: EXPLAIN HENRI FAYOL'S 14 PRINCIPLES OF MANAGEMENT WITH EXAMPLES.**

Structure to write in exam:

1. **Introduction:** Henri Fayol published *Administration Industrielle et Générale* (1916). He identified 14 universal principles applicable to all organizations.
2. **List all 14 Principles:** Group into administrative, structural, and human principles.
3. **Highlight Unity of Command vs Unity of Direction:**
   - Unity of Command = 1 boss for 1 employee (prevents confusion).
   - Unity of Direction = 1 plan for 1 goal (ensures alignment).
4. **Explain Gang Plank:** An emergency horizontal communication bridge bypassing the strict scalar chain.
5. **Conclusion:** Fayol's principles remain the bedrock of modern management theory.

Unit II: Planning, Organizing & Controlling 🔥 Very Important

Planning & MBO (Management by Objectives)

📌 **DEFINITION — PLANNING**

Planning is deciding in advance what to do, how to do it, when to do it, and who is to do it. It bridges the gap from where we are to where we want to go.

🔥 **MBO (MANAGEMENT BY OBJECTIVES) — PETER DRUCKER**

MBO is a strategic management model where managers and employees jointly set, record, and monitor goals for a specific period.
MBO Process: Organizational Goals → Departmental Goals → Individual SMART Goals → Periodic Performance Review → Evaluation & Rewards.

Decision Making Process & Types of Decisions

Decision Type	Explanation	Example
Programmed Decisions	Routine, repetitive decisions handled using SOPs & predefined rules.	Calculating employee monthly salary.
Non-Programmed Decisions	Novel, complex, unstructured decisions requiring judgment and intuition.	Opening a new branch in another country.
Strategic Decisions	Long-term, high-cost decisions taken by Top Management.	Merging with a competitor firm.
Operational Decisions	Daily, routine execution decisions taken by lower managers.	Assigning daily shift duties.

Organizing & Structure Types

Structure Type	Key Characteristic	Best For
Functional	Grouped by specialty (Sales, HR, R&D).	Small-to-medium single product firms.
Divisional	Grouped by product, customer, or geography.	Large multi-product enterprises.
Matrix Structure	Dual chain of command (Functional + Project boss).	Complex project-based tech firms.
Virtual / Boundaryless	Outsourced core functions linked digitally.	Agile startups & global networks.

Controlling Process & Types of Control

3 Types of Control:

- **Feedforward Control (Preventive):** Anticipates problems before they occur (e.g., Raw material quality inspection).
- **Concurrent Control (Real-Time):** Corrects problems as they happen in real time (e.g., Live machine monitoring).
- **Feedback Control (Corrective):** Corrects problems after they occur (e.g., Monthly financial budget review).

Unit III: Organizational Behaviour & Individual Behaviour ⭐ Important

---

📌 **DEFINITION — ORGANIZATIONAL BEHAVIOUR (OB)**

Organizational Behaviour (OB) is a field of study that investigates the impact that individuals, groups, and structure have on behavior within organizations, for the purpose of applying such knowledge toward improving an organization's effectiveness.

Contributing Disciplines to OB:

- **Psychology:** Individual level (Personality, learning, perception, motivation).
- **Sociology:** Group level (Group dynamics, communication, power, conflict).
- **Social Psychology:** Behavioral change, attitude measurement, trust.
- **Anthropology:** Organizational culture, environment, comparative values.

Foundations of Individual Ability:

Ability Type	Components
Intellectual Ability	Number aptitude, Verbal comprehension, Perceptual speed, Spatial visualization, Deductive & Inductive reasoning, Memory.
Physical Ability	Dynamic strength, Trunk strength, Static strength, Stamina, Balance, Coordination.

Unit IV: Personality & Attitude 🔥 Very Important

Big Five Personality Model (O-C-E-A-N) 🔥 Guaranteed Exam Q

O

Openness

Curious, creative, imaginative, open to new experiences.

C

Conscientiousness

Responsible, organized, dependable, goal-oriented.

E

Extraversion

Sociable, talkative, assertive, outgoing.

A

Agreeableness

Cooperative, warm, trusting, empathetic.

N

Neuroticism

Emotional instability, anxiety, stress-prone.

MBTI (Myers-Briggs Type Indicator)

Classifies personalities into 16 types based on 4 dichotomies:

- Extraversion (E) vs Intraversion (I)
- Sensing (S) vs Intuition (N)
- Thinking (T) vs Feeling (F)
- Judging (J) vs Perceiving (P)

ABC Model of Attitude

Component	Meaning	Example
A - Affective	Emotional or feeling segment.	"I dislike working with toxic supervisors."
B - Behavioral	Intention to act in a certain way.	"I will request a team transfer."
C - Cognitive	Belief or opinion segment.	"My boss handles feedback unfairly."

Unit V: Motivation & Leadership 🔥 Very Important

Maslow's Hierarchy of Needs

Herzberg's Two-Factor Theory

Hygiene Factors (Prevent Dissatisfaction)	Motivators (Encourage Motivation)
• Company Policies • Salary & Benefits • Working Conditions • Job Security • Supervision Quality	• Achievement • Recognition • Meaningful Work • Responsibility • Career Advancement

McGregor's Theory X and Theory Y

Theory X (Pessimistic View)	Theory Y (Optimistic View)
• Employees dislike work and avoid it. • Must be coerced, controlled, or threatened. • Seek security, avoid responsibility.	• Work is natural like play or rest. • Self-directed and creative. • Seek and accept responsibility.

Blake & Mouton's Managerial Grid 🔥 Very Important

Exam Drawing Tip: Draw a 2x2 grid with X-axis (Concern for Production 1-9) and Y-axis (Concern for People 1-9). Plot 5 key positions: (1,1 Impoverished), (9,1 Task), (1,9 Country Club), (5,5 Middle-of-Road), (9,9 Team).

❓ Exam Question Bank

2-Mark Question

Q. Define Management.

Ans: Management is the process of planning, organizing, leading, and controlling resources efficiently to achieve goals.

2-Mark Question

Q. What is Unity of Command?

Ans: Fayol's principle stating an employee should receive orders from only one direct superior.

5-Mark Question

Q. Compare Theory X and Theory Y.

Ans: Detail pessimistic assumptions of Theory X vs optimistic self-directed view of Theory Y.

10-Mark Question

Q. Explain Fayol's 14 Principles of Management in detail.

Ans: Write background, list all 14 principles with examples, detail Gang Plank, and conclude.

10-Mark Question

Q. Explain the Big Five Personality Model (OCEAN).

Ans: Detail Openness, Conscientiousness, Extraversion, Agreeableness, and Neuroticism with OB relevance.

10-Mark Question

Q. Explain Blake & Mouton's Managerial Grid with diagram.

Ans: Draw 9x9 grid diagram, detail 5 primary leadership styles, and highlight (9,9) Team Management.

⚡ Quick Revision Grids

Fayol = 14 Principles; Taylor = Scientific Management.

MBO = Management by Objectives (Peter Drucker).

POSDCORB = Planning, Organizing, Staffing, Directing, Coordinating, Reporting, Budgeting.

Big Five = OCEAN (Openness, Conscientiousness, Extraversion, Agreeableness, Neuroticism).

Herzberg = Hygiene factors prevent dissatisfaction; Motivators drive performance.

Managerial Grid = (9,9) Team Management is optimal.

📊 Master Revision Summary

Unit	🔥 Highest Priority Exam Topics
Unit I	Fayol's 14 Principles • Management Functions • Managerial Roles
Unit II	Planning Process • MBO • Matrix & Virtual Structure • Control Process
Unit III	OB Disciplines • Foundations of Individual Ability
Unit IV	Big Five Model (OCEAN) • MBTI • ABC Model of Attitude
Unit V	Maslow Hierarchy • Herzberg Two-Factor • Managerial Grid (9,9)

🎯 One-Day Revision Sheet

🧠 COMPLETE SUBJECT MNEMONICS

- Fayol Principles: **DAD U U S R C S O E S I E**
- Big Five Traits: **O-C-E-A-N**
- Attitude Components: **A-B-C** (Affective, Behavioral, Cognitive)
- Maslow Hierarchy: **P-S-S-E-S** (Physiological, Safety, Social, Esteem, Self-Actualization)

✍️ Topper Exam Strategy

How to Score 90%+ in Management & OB:

1. Start 10-mark answers with standard definitions and author names (e.g., Fayol, Drucker, Maslow, Herzberg).
2. Always draw diagrams for Managerial Grid, Maslow Pyramid, and Control Process.
3. Use comparison tables for Theory X vs Y, Hygiene vs Motivators, and Structure types.
4. Underline key management keywords in bold during writing.

ALL THE BEST FOR YOUR MPOB EXAM! 🌟
