Explain the purpose & major function of management. Discuss planning org. staffing, directing & controlling and how they are interrelated.

Purpose of Management

- to achive org. goals with min res and max efficiency
- to create a productive and harmonious work env.
- to ensure growth, stability & adaptability of the org.

Major function

- Planning: Deciding in adv what to do how and when - sets obj. & strategies
- Org.: Arraging res and task defining roles and establishing structure
- Staffing: Recruiting, selecting, training, placing the right people in the right jobs
- Directing: Guiding, motivating and leading employees to work towards goals
- Controlling: Monitoring performance, comparing with standards, & taking corrective action

Interrelation of functions

- Planning provides the base for org.
- Org. creates position that staffing fills with people
- Directing activates the staffed staffing fills with people
- Controlling checks whether directed activities match the org. plan and feeds back future planning
- All function work in a continous cycle, not an isolated
